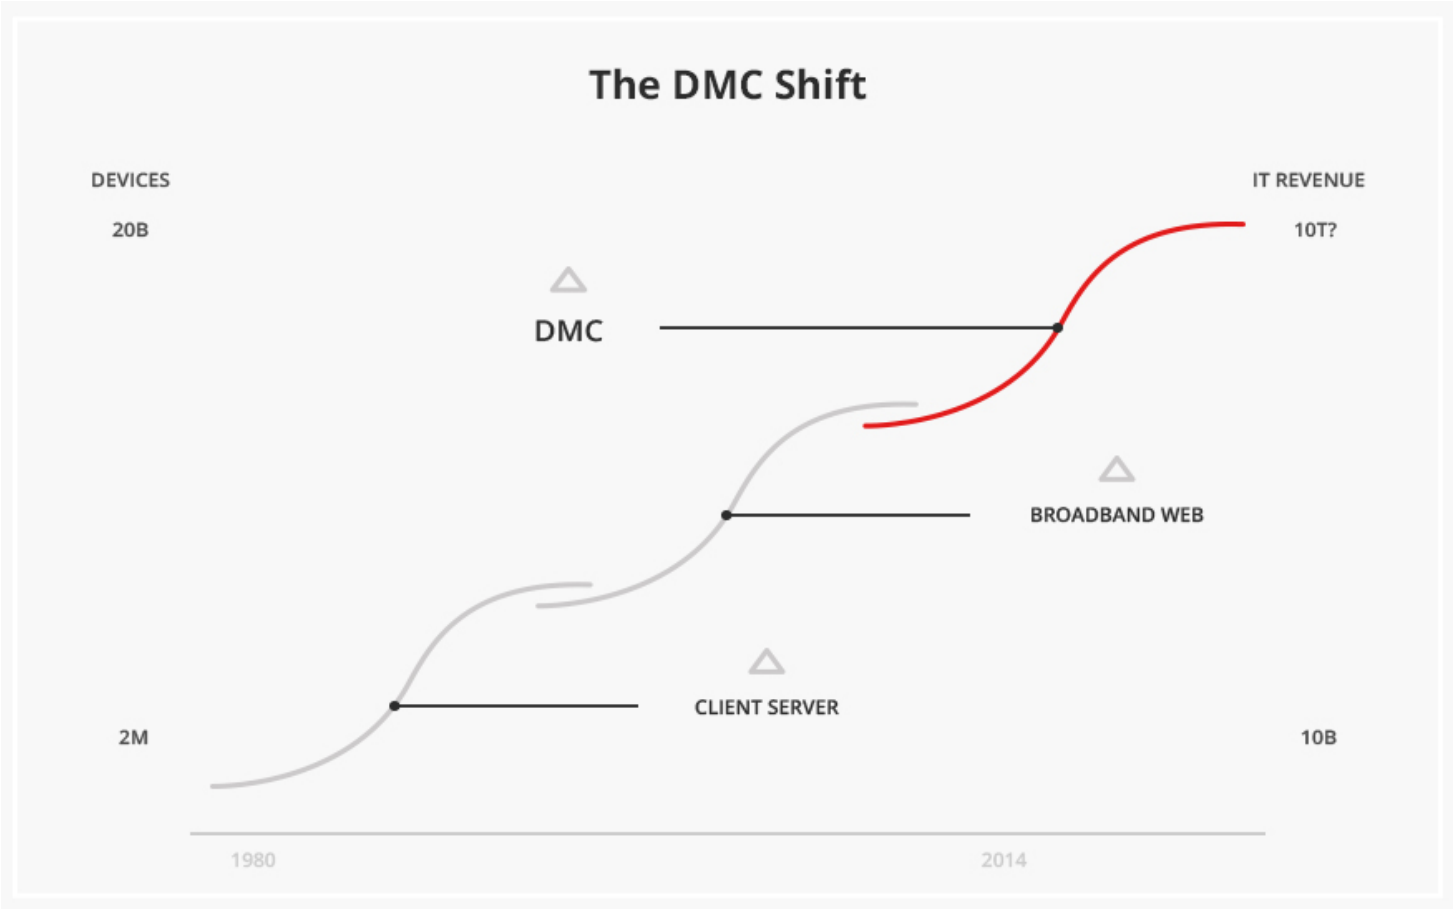
The DMC Shift

SEPTEMBER 21, 2014 PETER WAGNER DATA



Looking at the history of our industry, we notice a pattern of transformations every 15 years or so. Each time, the number of computing devices within the new model increases by an order of magnitude, and overall IT industry revenue sees a corresponding 10x increase. The shift to the new “DMC” (“Data + Mobile + Cloud”) paradigm looks to be the largest yet, changing almost all aspects of IT.
