

The Digital Dialectic

JULY 7, 2016 PETER WAGNER CHARTS

The history of business technology shows changes in application architectures spur transformations in infrastructure and vice versa. At Wing, we refer to this as the "Digital Dialectic". For more insights into this phenomenon, see our post [here](http://wing.vc/perspectives/essays/microservices-containers-and-the-digital-dialectic) (<http://wing.vc/perspectives/essays/microservices-containers-and-the-digital-dialectic>).
